MT Vasudevan Nair : Kaalam (Literature in Translation) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kaalam (Literature in Translation):

By Carl B. Walker
This is the first e-book I've actually bought for my Kindle, having stuck to Project Gutenberg and Overdrive up until now, and it's pretty painful to have by far the worst experience with "e-reading" just when I gave in and shelled out some dough. As the other reviewer said, tons of typos. I was already borderline-defeated by the decision not to translate the kinship terms (maybe this is my fault, but I didn't find the glossary until I got to the end of the book, as I assumed the very abbreviated kinship term list at the front of the book was the whole thing), so it doesn't help when you start reading things like "Hrm said" and you're not even entirely certain that it IS a typo at first. Yikes. I sorta feel like I deserve a partial refund for this thing; considering that by going the DRM-ified digital route, I'm giving up any chance of getting resale value from this thing, this shoddy attempt to digitize this novel is really inexcusable. As for the novel itself, I have to say I'm not entirely sure how I feel about it. It's probably worth reading, but definitely not in this format. And I think the translation could be better, but I have no way of knowing that to be certain, I suppose! Let's say the book itself is three stars, and the e-book aspect of it is 1 star.

I liked this book, and I would recommend it to somebody who is looking to read a by an Indian author. There were quite a few typos in the book, which makes it a little tough to follow at times.

Good Work. Thank you.

Set against the backdrop of a crumbling matrilineal tarawad system of the Nairs in Kerala with its petty rivalries and jealousies, its sambandhan system of contractual marriage, its conflicts and problems, and the changes in land legislation which sharply erode the feudal order, Kaalam is the story of sethumadhavan Nair who starts out as an ambitious and confident adolescent; but in his journey towards adulthood, where material and social success go hand in hand, he is faced with an overwhelming sense of disillusionment. The river of Sethu's village, a mute witness to every crisis in his life, mirrors this journey, its sensuous beauty transformed to dry sand. MT's lyrical prose captures the changing moods and seasons of the landscape of his own childhood in a novel that, though not strictly autobiographical, shares some of the emotional experiences of the protagonist. In a finesse characteristic of Nair's profound, yet minimalist sense of expression, the starkness of reality found in this story is touching and insightful.
